Ms. Caitlin Schiebel
Cardinal Operating Company
Cardinal Power Plant
6677 Busch Blvd.
Columbus, Ohio 43229

Dear Ms. Schiebel:

On November 30, 2020, the Environmental Protection Agency (EPA) received a demonstration from Cardinal Power Plant requesting authorization to continue using the Bottom Ash Pond for Coal Combustion Residuals (CCR) wastestreams until November 30, 2021, and June 9, 2022, for non-CCR wastestreams, pursuant to the alternative closure provision 40 C.F.R. § 257.103(f)(1). EPA reviewed your demonstration to determine whether it included the required information, analyses and documentation specified under 40 C.F.R. § 257.103(f)(1), and we have determined that your demonstration is complete.

This letter merely communicates EPA's determination that your submitted demonstration contains sufficient information for EPA to evaluate the merits of your demonstration. EPA has not made any decision on whether to approve your request. The demonstration will undergo further review to make such a determination. After this review, EPA will publish its proposed decision for public comment in a docket on www.regulations.gov. After consideration of the comments, EPA will issue its final decision on the demonstration.

As a consequence of your submission of a complete demonstration, the deadline for the CCR unit covered by the demonstration to cease receipt of waste is tolled until EPA issues a final decision on the demonstration. 40 C.F.R. § 257.103(f)(3)(ii).

EPA will notify you when a proposed decision on the demonstration is issued. If you have any questions, please contact Kirsten Hillyer at Hillyer.Kirsten@epa.gov.

Sincerely,
